

At Elev8 we do not measure our success by wins and losses, but rather by the quality of athlete we develop. Our goal is to create athletes that will go on to success in life long after they have left Elev8.

At the ELEV8 Baseball Academy we focus on each student athlete's development. The success of our students is our "wins". We don't just simply recruit the top talent and play games to win. We work to improve each players weakness, enhance their strengths and prepare them to not only get to the next level but succeed. So, when our student athletes step on a college campus or a professional camp, they are prepared physically, socially, mentally and academically to excel.

Athletically, what makes our program so highly effective is our ability to integrate all the key aspects of training into one comprehensive system using measurable and progressive milestones. Our full-time athletes engage in the same professional training system used by the world's top collegiate, professional, and Olympic high-performance athletes. The outcome is a vastly improved player, both physically and mentally.

Moreover, we use XPE Sports for our team speed and strength training. Which is a state of the art facility with access to some of the most advanced training systems in the world. Only at Elev8 Baseball Academy can you have access to coaches, programs and sport science that allows you to advance your game to exceptional levels through daily training and competition.

Regardless of your age, grade or talent level, our tailor made full-time program consists of core components that produce elite student athletes on and off the field. Our focus and primary goal is to prepare and position each of our players for placement into the college or university that is the best match based on each player needs and abilities.

As a member of the business community, you know firsthand the tremendous value you place on partnerships and relationships to help your business grow. You also understand the incredible sense of teamwork when your staff accomplishes its goals, and pride that comes with a job well done.

For the young athletes at Elev8 Baseball Academy, building that sense of teamwork and pride has started early. These athletes are not just playing baseball, they are learning to respect themselves and others, to encourage their teammates, and to always strive to do their very best. They are learning life's lessons through the game of baseball. The coaching staff is dedicated in providing our athletes the opportunity to obtain the skills and mindset necessary to compete at the highest level of baseball. These young athletes represent our local communities as they compete in games and tournaments throughout the state of Florida and beyond. Elev8 Baseball Academy recognizes the incredible value our community partners bring to our team. They are truly our partners, providing the necessary resources to train and travel.

Please accept this letter as a select request for your charitable contribution for our highly competitive Baseball Academy. Anything you can do to help offset the cost for our athletes is very much appreciated. The cost for each player to participate at Elev8 is \$15,000.00 per year. Our intense schedule comes along with many associated expenses including training, travel, tournament fees, etc. By becoming a sponsor, your business would receive recognition as a supporter of our communities' youth and their achievements.

Elev8 Baseball Academy contributions are 100% tax deductible through our 501c3 status 81-3490624. Your consideration of this request for support is greatly appreciated.

Thank you in advance for helping provide an unforgettable baseball experience for our student athletes.

Sincerely,

Todd Moser
